25X1A

25X1A

1. [redacted] (DD/P) visited [redacted] on 24 June, following [redacted] to indicate items of priority interest for the preparation of sanitized prints in accordance with the referenced documents. It was [redacted] view that material from the airfield list would meet first priority needs and we have proceeded to prepare approximately 40 sanitized prints covering 17 airfields to be ready for delivery to DD/P for pouching by 8 July 1958.

25X1

2. It is noted in our instructions from you (Ref. A) that we are to follow the sanitization procedure outlined in paragraph 2a of Ref. B. Therein the sanitizable material is limited to verticals and excludes obliques.

25X1C

3. Of the 17 airfields being prepared from the list previously [redacted] 10 fall on the obliques. These include some of the more important fields.

25X1D

25X1C

4. It is recommended that the authority for [redacted] sanitized prints be amended to include the use of obliques.
